Agenda

A. 9:30am - Call to Order and Introductions – Committee Co-Chair

B. TriMet staff updates

- Digital Accessibility

Here's an index test page with links to pages for review including: Schedule tables (there are 2 formats), a line info by route number page, the fares & service providers table page, and 2 examples of Service Changes pages (both of those are live). Each of the dev pages have links to their corresponding live page for reference.

If you are able, please test this index test page prior to Tuesdays meeting to be able to provide direct feedback:

<https://trimet.org/cat/testing/index.htm>

- **Action Items**

- *Committee members to continue to provide feedback on fares page as it is the first in getting finalized.

- Customer Experience

- **Action Items**

- *Justin to include in October Business packet the list of where all

Falcon devices are installed at.

*Joe to look into if facilities can install an additional pole that can carry a braille sign notifying riders that there is a Falcon for service info and a HOP validator to pay fare.

*Can there be a public service announcement or media push on educating riders on Falcon devices

*Look into if Falcons are listed as an amenity on Trimet.org

*Add ASA announcement progress into October business packet
